

## EDUSENIORS PROJECT The Newsletter

In the crowdie, alive and historical scenario of Napoli, Decumano Spaccanapoli, the EDUSENIORS Delegates were hosted on 26th and 27th of April 2012.

6 Countries were represented: Italy, Germany, Poland, Turkey, Lithuania and Portugal.

Among Romans and Middle-age stones, based at the Fondazione Centro Storico di Napoli, the project Consortium presented main outcomes from the info-training course experimentations.

From experimentations it could have been remarked the good quality of materials prepared in the project life-time. Trainees deemed the info-training materials overall interesting and useful to their professionalism and/or volunteering.

A real coffee "napoletano" at on of the historical bars in Naples and a light meal at a Neapolitan "take-away" pushed up energies for the entire day. Some "mothers" from the social cooperative Me.Ti., active for recovery of guys at risk of deviance, prepared a wonderful Neapolitan dinner on 26th, with dances, karaoke and other entertainments.

The day after – once the final session ended – a tourist guided tour by Lorenzo (ASIS) made participants travelling through Napoli of Greeks, Romans, Rinascimento, Modernity, Post modernity, people of the street, typical food, to give hosts an exhaustive image of such attractive city. A visit to an Association for elderly reactivation to the high hill of Vomero involved partners into dances, music and good practices/info sharing with locals. A real Neapolitan pizza at Pizzeria Di Matteo was the ending master-piece of a very intense and unique meeting.

Vroclaw (Poland) is now waiting the project Consortium on 25th and 26th of May 2012. EDUSENIORS is alive and in good health!
